## Description

Charles Chinetti (1891-1978) is an Italian painter and architect. He is known for his architectural drawings and paintings of urban scenes. This work, '..... (Charles...)', is a painting of a snowy winter scene, likely in a town he designed or lived in. The painting shows a view from a high vantage point, looking down on a street and buildings covered in snow. In the background, there are trees and a body of water. The style is characteristic of the early 20th-century architectural drawing style.
